PREMIERE OVERLANDING & ADVENTURE GEAR

MADE IN AMERICA. HANDCRAFTED FOR ADVENTURE.

TOWING YOURSELF OUT OF A JAM JUST GOT EASIER

## Make a quick, efficient recovery

C'mon, admit it, sometimes you make a bad decision, like hitting a giant mudhole with your 4Runner and getting stuck up to your tire wells in thick mud. The good news is, you can prepare for such eventualities with our line of recovery gear. Our bags are a great way to store winches, tow straps and tree savers. We offer a variety of solutions to help get you out of the mud and back on the road in no time!

### ► **The Strap Bag**

We've devised a way to store and use straps and kinetic energy ropes. Getting your straps organized has never been easier! The Strap Bag attaches to a bull bar or roll cage. ITW field-replaceable buckles can be closed around the sides. That way, when you do get stuck in a muddy spot, your two straps are already on the front of your vehicle. No more fumbling around through piles of gear for the one thing that will get you going again! To deploy the bag, simply pull the tow straps from each opening at the bottom corners. Attach one end to the D-ring of your vehicle, and just start walking with the bag. The tow straps are ready to go with no frustrating tangles to work through! You can even go as far as attaching one end of the rope to the D-ring of your vehicle ahead of time. The Strap Bag can also be used as a winch dampener.

» **Dimensions: 5.5" x 22.5" x 3" | Bag \$35.99**

**| Bag w/ Recovery Gear (3/8" Soft Shackle 20" leg, ARB Snatch Strap 17,500lb - ARB705) | \$176.97**

► **The Overland Oil Bag**

When you protect your vehicle's interior from damaging fluids, you also protect your wallet from expensive shampoo jobs. The Blue Ridge Overland Gear Oil Bag is perfect for storing things like motor oil, transmission oil, gear oil, and brake cleaner.

This bag is *the* bag you need to keep your vehicle's interior clean. The overland oil bag is designed to hold oil bottles and chemicals in place without spilling on your carpet. The outer shell is made of tough, 500D cordura. The interior is lined with vinyl-coated polyester; the same stuff from which truck tarps are made. This liquid-resistant material will house all your fluids and wipe clean with a damp rag. Features our authentic branded leather logo.

» **Dimensions: 12" x 6.5" x 11" | \$59.99**

▲ **The Large Recovery Bag**

Our large recovery bag is one tough bag. It's made of 500D cordura and is a great place to store tree-savers and several straps. Four 2" mil-spec webbing loops — two on either side of the bag — will accommodate shackles. The front features four straps of MOLLE compatible webbing; great for additional MOLLE pouches. The mesh pouch on the back can store small things like gloves or pulleys. Get our large recovery bag and you'll spend less time swearing like a sailor, and less time hauling yourself out of a tight spot.

» **Dimensions: 12" x 12" x 6" | \$59.99 (recovery gear not included)**

► **The Off Road Air Tool Bag**

Our Air Tool Kit Bag is made of made of tough, 500D Cordura. It features two, large rubber zipper pulls that are easy to grasp, even while wearing gloves. The bag features two, durable, 2" mil-spec webbing handles for easy carry. When the bag is open, it'll lay flat in a clamshell design for maximum accessibility. The two Velcro pockets on the front of the bag are great for storing deflators, inflators, small loose items, or gauges.

**Dimensions: 14" x 7" x 3" | \$69.99**

▼ **Make it a Kit!**

The kit includes the Off Road Air Tool Bag, The Speedy Seal Tire Repair Kit, ARB Tire Inflation Kit for ARB Air Compressors, ARB Tire Inflator with Gauge, and an ARB E-Z Deflator Kit.

**Regular Price: \$212.99 | Kit Price: \$191.69**

» **A)** Off Road Air Tool Bag

» **D)** ARB E-Z Deflator Kit

» **B)** The Speedy Seal Tire Repair Kit,

» **E)** ARB Tire Inflator w/Gauge

» **C)** ARB Tire Inflation Kit

▲ **3/8" Amsteel Blue Winch Line Eye Splice With Thimble | 80ft.**

Blue Ridge Overland Gear's premier winch line is made of Amsteel-Blue synthetic rope and measure 80'. It has a load rating of 19,600 lbs. Our winch line is 85% lighter than steel wire cable. It's also has a 30% higher breaking strength than steel wire cable. The advantage of this winch line is that it doesn't snap back in the event of breakage. It's torque-free and floats in water. » **Dimensions: 3/8" x 80' | \$339.99**

▲ **3/8" Amsteel Winch Line Extension | 20" - 50"**

Blue Ridge Overland Gear's premier winch extension is made of Amsteel-Blue synthetic rope and measures 20'. It has a load rating of 19,600 lbs. Our winch extension is 85% lighter than steel wire cable. And has a 30% higher breaking strength than steel wire cable. The advantage of this winch extension is that it doesn't snap back in the event of breakage. It's torque-free and floats in water.

» **Dimensions: 3/8" x 20' - \$109.95 | 3/8" x 50' | \$239.95**

◀ **3/8" Soft Shackle 20" leg**

The BROG Soft Shackle is Blue Ridge Overland Gear's premier soft shackle. What we like most about the soft shackle is that it's much safer than shackles made of steel. If your shackle were to snap, which would you rather have flying at your face - a shackle made of steel or a soft piece of synthetic rope?

» **Dimensions: 3/8" x 20" | \$33.99**

◀ **The Vehicle Recovery Throw Bag**

This slick little bag makes recovery a breeze. It's made of eye-catching blue vinyl-coated polyester truck tarp. It'll fit a 20-foot winch extension comfortably. To deploy the bag, hook the looped end of the winch extension to the vehicle. Just like the name suggests, throw the bag to your desired location and the winch extension unwinds itself! An opening on the bottom of the bag accommodates the other end of the winch extension. A paracord drawstring top secures bag contents when not in use.

» **Dimensions: 10"H x 6"W | \$29.99**

▼ **Make it a Kit!**

Our handy Recovery Throw Bag takes several pounds of trail gear and condenses it into one very light, very efficient package. The kit comes standard with the throw bag, **A)** two 20" soft shackles, **B)** the 20' Winch Extension, and **C)** three ITW GrimLocs. **Kit | \$183.67**

PUT YOUR BEST BAG FORWARD

## Every day carry bliss

Sometimes on the crazy journey of life, you get the urge to just pack a bag and go on an adventure. That's kind of the premise for our entire lifestyle — both in and out of the shop at Blue Ridge Overland Gear. Our every day carry bags are designed to be the perfect union of functionality and style. They are always ready to go whenever you are. Whether you pack a laptop, fly rods or both — we offer a variety of styles, sub-kits, and options to choose from. Our bags make the perfect urban daypack or camera carrying kit bag.

### ► **The Got-to-Go Bag**

The Got-to-Go bag is versatile enough to configure into a variety of sub-kits that'll suit any journey. The great thing about the Got-to-Go Bag is that it's modular. It can be expanded with pouches. Multiple Velcro platforms allow you to attach darn near any hook and loop pouch you'd like. We now offer a padded hip belt in matching colors. The hip belt features a lumbar pad for added comfort. This bag also features our authentic leather brand logo.

» **Dimensions: 12" x 6" x 13.5" | \$139.99 - 145.99**

» *The Got-to-Go every day carry kit bag is available in classic black or rugged coyote. Add a trunk kit for extra storage or a hip belt to wear the bag around your waist. To view the Got-to-Go Bag accessories, visit: [BlueRidgeOverlandGear.com](http://BlueRidgeOverlandGear.com).*

► **The Got-to-Go Transit Bag**

The Got-to-Go Transit Bag is a scaled-down version of our full-sized Got-to-Go Bag, but make no mistake — this smaller bag is still big on style. It features a series of hidden, “seamless” pockets — perfect for hiding valuable items. The exterior of the bag has a cell phone pocket on one side (large enough for an iPhone 7 Plus) and has mil-spec webbing on one end of the bag to accommodate additional MOLLE pouches or a water bottle holder. The bottom of the bag is made of an imprinted resin, super fabric that is both puncture and abrasion resistant. This bag is available in both black and gray. A diagonal pocket on the back is perfect for the concealed carry of a handgun.

» **Dimensions: 22" x 7" x 10" | \$99.99**

## WHAT GOES INTO A BROG BAG?

**CRAFTMANSHIP + PASSION** | Your bag was painstakingly handmade and put through a rigorous inspection before you received it. At Blue Ridge Overland Gear, we hand sew each piece to ensure strength, longevity, and durability. Each Blue Ridge Overland Gear Bag is made for the duration. We use tough, 500D cordura, mil-spec zipper, and ITW hardware. Why? Because we believe that each piece we make should be tough enough to become a legacy. All of our bags are made right here in the USA because we believe that American craftsmanship matters!

***What you are holding is more than a bag;  
it's craftsmanship. Handcrafted in Bedford, Virginia.  
100% made in the USA.***

CUT THE CLUTTER. CLEAN YOUR CAR

## A clean vehicle is a happy vehicle

What's the weirdest thing you've ever found in your backseat? Go ahead — think for a second. Think of that one piece of whatnot for which there is no logical explanation. If you have small kids, there's the usual gamut of stale fruit loops, Barbie shoes, and sticky, discarded popsicle wrappers. And we know that there's nothing more frustrating than a dirty, disorganized vehicle. So, we've created a variety of storage solutions for all that extra stuff in your car.

### ► **The MOLLE Visor Organizer**

Our visor panel features a zipper pouch that's just right for folded paperwork, maintenance logs, and receipts from all of those trips. There are also two rows of MOLLE webbing — great for stashing your pens, a small knife, tire gauge and your backup flashlight. The other side has a 6" x 11" hook Velcro platform that's perfect for small hook and loop pouches. This is a great place to keep a first aid kit, or your general "grab-and-go" kit that stays in the truck. Available in both black and coyote. » **Dimensions: 11" x 13" | \$25.99**

► **The Roll Up Dump Pouch**

The roll up dump pouch is a great storage solution for trash disposal. It comes with a GrimLoc, so you can clip it anywhere! Hook it to a headrest, backpack or tailgate. The roll up dump pouch secures closed with Velcro to keep trash in place. It's made of vinyl-coated polyester so it'll wipe clean with a rag or hose.

» **Dimensions: 10.5" x 3.5" x 7" | \$21.99**

**The Roll Up Dump Pouch and the Headrest trash bag are made of truck tarp and easily wipe clean with damp rag!**

► **The Headrest Trash Bag**

The Headrest Trash Bag is the perfect solution for disposing of the trash that plagues your back seat. Two loops of webbing clip around the bars of your headrest. The bag is easily detachable so you can quickly dispose of trash. Though not entirely waterproof, the bag will contain small spills without leaking. We've included a pocket and storage slots for small items. If you decide not to use our bag for trash, it makes a great coloring book and crayon holder for your younger, backseat passengers!

» **Dimensions: 12" x 10" x 5" | \$26.99**

▲ **The Headrest Bag**

The Headrest bag is lightweight and big enough to store your favorite coloring books — and for your kid-free trips — a Gazetteer Map. This bag can be taken to and from the car in one easy step. It removes from the headrest and can be worn as a shoulder bag. This is the perfect bag for your little people or yourself. There's plenty of classic webbing and a Velcro platform to attach other small pouches.

» **Dimensions: 14" x 14" x 4" | \$35.99**

FIND A GOOD HEAD SPACE

## **BROG attics create overhead storage**

### ▲ **The Landcruiser Attic**

In our ongoing effort to maximize potential space in your vehicle, we saw a new frontier — your ceiling! The 4Runner Attic is made of mil-spec mesh and attaches to the grab handles with G-hooks. It can be clipped and unclipped as needed. Now you can store stuff in that vast space above your passenger's heads! And speaking of which — the attic is adjustable. The corners can be tightened so that it doesn't get in the way of your passengers' heads. That being said, we recommend this attic for only lightweight items such as coats, blankets, sleeping bags, or clothing.

» **Dimensions: mesh compartment - 36" x 24" | measures 68" end to end | \$99.99**

### ► **The 4Runner Attic**

Just like our Landcruiser Attic, our 4Runner Attic is made of durable, mil-spec mesh. It features 550 paracord lacing to keep the attic taut with cinch strings and ITW barrel locks. Mil-spec, one-inch webbing straps provide space to attach small items with carabiner clips.

» **Dimensions: mesh compartment - 28" x 35" | measures 68" end to end | \$99.99**

### ▼ **Jeep JKU Attic**

Although ideal for business, the expression, "time equals money" doesn't apply well to traveling with your family (especially if you have young kids). In that situation, a better formula might be "organization equals happiness." If you can find more efficient ways to organize your space with your family, then you'll be paid dividends of stress-free relaxation. The JKU Attic provides your Jeep with much needed, easily accessible space. This attic is great for storing light-weight items such as coats, blankets, sleeping bags, or clothing. We've found a way to make the best of storage space you didn't even know you had. As an added bonus, everything stores out of the way of dirty feet, sticky fingers and candy wrappers!

» **Dimensions: mesh compartment - 19" x 35" | \$99.99**

ALWAYS KNOW WHERE YOUR TOOLS ARE

## Organize your tools. Get stuff done.

Getting your tools organized and ready to go has never been easier. At Blue Ridge Overland Gear, we offer a variety of options to help you put things in their proper place, because we know there's nothing worse than having to put your project on hold while you search for the right tool. Our system features a modular tool bag, a variety of small pouches and Velcro ID panels. That way you can configure, store and label your tools any way you'd like!

### ► **The Tool Bag | 21TB-L**

All of our tool storage products are made from 500D Nylon Cordura. Every bag and pouch is built with tough #8 YKK zipper. Each bag also features rugged mil-spec webbing. Forget lugging around a heavy, cumbersome tool box. Our tool bag is where it's at! » **Dimensions: 12" x 12" x 4"**  
| **Black - \$125.99 | Coyote - \$129.99**

▼ **12" x 6" x 2" Hook & Loop Velcro Pouch**

These pouches are made of rugged 500D cordura so they're abrasion and rip-resistant. It features top-loading, #8YKK zipper. The string-reinforced, clear vinyl front allows you to easily identify contents. Attaches with hook Velcro to any loop Velcro platform. Available in classic black, cool blue, or sleek gray. » | **\$15.49**

▲ **4" x 12" x 2" Hanging Junk Drawer**

These little pouches don't have any Velcro. It's great if you need to store small items WITHOUT having any beloved Velcro sticking to what's around the pouch. The string-reinforced, clear vinyl front allows you to easily identify contents. A loop of 3/4" mil-spec webbing on one end make this little pouch "clippable" with the help of a GrimLoc or carabiner. Available in bright blue, sleek gray, vibrant red, cool coyote, and black.

» **Dimensions** » 4" x 12" x 2" | **\$14.99**

▲ **4" x 12" x 2" Hook & Loop Velcro Pouch**

These pouches are made of rugged 1000D cordura so they're abrasion and rip-resistant. It features top-loading, #8YKK zipper. The string-reinforced, clear vinyl front allows you to easily identify contents. It measures at 4x12x2. Also, it comes in five really cool colors; classic black, cool coyote, sleek gray, bright blue, and vibrant red. Works with any loop Velcro platform. Available in bright blue, sleek gray, vibrant red, cool coyote, and black. » **Dimensions** » 4" x 12" x 2" | **\$14.99**

▲ **Small Pouches**

Like all of our gear, every small pouch is handcrafted to ensure the highest quality. Choose from clear-front, string-reinforced vinyl or solid black nylon cordura front. Small pouches come in a variety of sizes including:

» 4" x 8" x 1" | clear front | **\$12.99**

» 4" x 8" x 1" | solid black front | **\$12.99**

» 5" x 10" Flat Pouch | **\$9.99**

» 5" x 12" Flat Pouch | **\$10.99**

WHEN IT'S TIME TO GET GOING

# Get your gear on the road

What would the perfect expedition look like to you? If you are like us, the perfect expedition would be seamless. Everyone is happy. Everyone is organized. Everyone has their stuff together. You never have to search for anything, because everything is in the proper place! Military precision. No pending crisis and subsequent expletive-laden meltdown over a misplaced tow strap. Let's face it; we all have that one trail-mate (or spouse) who has a never-ending array of stuff for every trip. When you need the slightest little thing from your storage space? It's like unpacking enough gear necessary for a year-long expedition into the Arctic Tundra! While we can make no promises about your traveling companions (or their level or organization), we can assure you that you can have your stuff together.

## ► **Got-to-Go Cord Control**

We've all been there: Once again, every power cord you own is suddenly more tangled than Clark Griswold's Christmas lights. You ask yourself, "how did I get here *again*? I've resolved to do better so many times! The struggle is *real*!" Now — what we have here is a simple roll and four web dominators. Each web dominators holds your cords securely in place. Then just roll it closed. It closes securely with hook & loop Velcro. Simple really. Quit fighting the cord wars.

» **Dimensions: 13.5" x 2" | \$21.99**

### ▼ **The MOLLE Seat Back Panel**

Keeping your backseat drivers/riders occupied with fun things to do requires lots of stuff. But then you need somewhere to store it all. That's where our MOLLE Seat Back Panel comes in. Hang this bad boy on the back of your seat, and it serves as a sturdy anchor (and seat protector) for small, medium, and large MOLLE compatible pouches.

**Dimensions: » 14" x 20" | Black - \$51.99 | Coyote - \$52.99 » 18" x 20" | Black - \$59.99**

**Panels and pouches are modular;  
customize them any way you'd  
like!**

### ▼ **Small & Medium General Purpose Pouches**

We just love small pouches! They hold so much storage potential. There's no limit to what you can store in them. The small and medium GP pouches are a great solution to all of your small and medium storage needs. Our pouches are made of 500D nylon cordura. Both are MOLLE compatible and feature #8YKK mil-spec zipper. The medium GP pouch is also available in coyote.

**» Dimensions: small: 7" x 3" x 5" | \$24.99 » Dimensions: medium - coyote | 8" x 5" x 3" | \$26.99**

**» Dimensions: medium - black | 8" x 5" x 3" | \$25.99**

ORGANIZE YOUR ADVENTURE. GET THE MOST FROM IT.

## What to carry on your next trip

**B**eginning a new adventure is the ultimate thrill. You know the feeling — the road is calling. All you have to do is get your stuff together and answer the call. What's down the next road? What's around the next corner? What new places will you see? What new people will you meet when you get there? What new points of view will you come across? At Blue Ridge Overland Gear, we live for adventure. And we believe that keeping your gear organized should never slow you down. We've created a few simple pieces of gear that will shorten the distance between "organizing all this stuff" to "putting fresh miles under your tires." Check out our organization solutions. The open road is waiting.

### ◀ **The Trip Planning Bag**

This bag is designed to keep your trip plans and maps organized. There are nay-sayers in this world who will mock your printed itineraries. But we get you. You know what you want out of your adventure and you're not afraid to commit it to paper. Keep your maps and carefully coordinated itineraries protected. And do it with style. Our Trip Planning Bags are made of 500D nylon Cordura. They're large enough to hold two large atlas maps. The Velcro panel is great for attaching additional hook and loop pouches or morale patches. If you decide to use it for an iPad or small laptop, it's padded for extra protection. Features stylish toggle and barrel lock closures.

» **Dimensions: 14" x 2" x 17" | Black- \$37.99 | Coyote - \$39.99**

▼ **The Map Pouch**

It's time to give your maps the respect they deserve. Get our map pouch in black or coyote. That way, you can keep maps organized and stored neatly between the seats. The pouch will easily hold two large atlas maps. It's perfect for Delorme maps. A Velcro platform on the front is great for smaller pouches to store pencils, pens, or highlighters. Our map pouches are moisture (and coffee) resistant to keep maps dry and neat. Comes in coyote (shown) or black. » **Dimensions: 13.5" x 2"** | » **Black - \$27.99** | **Coyote - \$28.99**

► **"What's in there?" ID Panels | 29NT**

Our hook and loop Velcro ID panels help you easily identify the contents of your bags. Cause if you are like us, one bag is never enough! Label each bag and know for sure "what's in there?" **\$5.99**

» **Air Tools** » **Bail** » **Electrical** » **First Aid** » **Fluids**  
 » **Fun Shit** » **Hand Tools** » **HI-LIFT** » **Metric** » **Rain Gear**  
 » **Recovery** » **Recycling** » **Repairs** » **SAE** » **Straps**  
 » **Stove** » **Tire** » **Repair** » **Toiletries** » **Tools** » **Trash**  
*Custom name panels available by special order!*

▼ **The Packing Cube**

Our packing cubes offer a convenient way to store, identify and carry your small "stuff." The front features either tough, clear, string-re-enforced vinyl or breathable mil-spec mesh. That way, you can easily identify the contents of your storage cube. Store jumper cables, tie straps, power cords, or pretty much anything you'd like! All storage cubes feature an easy-carry handle made of durable, 1" webbing. We've also included a Velcro platform for ID panels (so you won't have to give multiple bags the "sniff test" to identify them anymore). Packing cubes can also link to a second storage cube with an ITW GrimLoc (sold separately). The 1" webbing on either side of the cube allows for attachment of additional MOLLE compatible pouches. » **Dimensions | 12" x 12 x 4"**

» Available in Red, Coyote, Gray, Blue, Sand & Black

» **Black - Mesh Front | \$28.99** » **Black - Clear Front | \$27.99** » **Red, Coyote, Gray, Blue, Sand - Mesh Front | \$28.99** » **Red, Coyote, Gray, Blue, Sand - Clear Front | \$28.99**

FALL IN LOVE WITH YOUR SPARE TIRE

# The tire mount system

Is it just us, or did the expression, “spare tire” take on a whole new, negative connotation after age 40? And when did your spouse suddenly turn into the food police? Although — who better to point out that you can’t live off pizza and beer like you did in your 20’s?!

At Blue Ridge Overland Gear we’ve found a way to rekindle the lost love for the spare tire! Our system turns the vast space of your rear-mounted vehicle spare tire into a usable storage area. The tire mount storage system includes the tire mount straps, MAXTRAX MKII transport bag, and the tire storage bag. The system hooks onto your spare tire with our tire mount straps (pictured right). The MAXTRAX transport bag can hold two MAXTRAX MKII recovery boards. It’s modular, so the tire mount storage bag clips right to the front of the MAXTRAX MKII transport bag. It’s a great way to easily store MAXTRAX boards, tents, tow ropes or your favorite snacks! MOLLE webbing on the front of the tire storage bag allows for attaching smaller MOLLE compatible bags. As a bonus, the tire storage bag is the last place in the world your wife would think to look for your box of Little Debbie Fudge Rounds! Get our Tire Mount System and be proud of your spare tire!

### ▲ **The MAXTRAX MKII Transport Bag**

We've developed an easy way to mount and transport the MAXTRAX MKII. On a multi-person trail ride, storing these things in the car can be tricky! And you can't hit the trail without something as essential as a set of MAXTRAX; so free up some space and look really cool doing it. Each bag holds two Maxtrax MKII boards. This bag can be attached to the roof or spare tire with our tire mount straps. » **Dimensions: 45" x 14" x 4" | \$109.99**

### ▲ **The GoTreads Bag**

The GoTreads Bag is designed to specifically house and transport one set (two GoTreads traction mats). The bag is made of vinyl-coated polyester truck tarp. So it's tough and easy to clean with a damp rag. 2" mil-spec webbing handles make this bag easy to carry. It closes with #10YKK mil-spec zipper. Durable, tough, and ready for any adventure that comes your way. » **Dimesions: 24" x 9" x 4" | \$39.99**

### ► **The Tire Storage Bag**

The Tire Storage Bag is a modular kit bag that turns the vast space of your rear-mounted spare tire into a usable storage area. It hooks on to our tire mount system or to the front of our MAXTRAX Bag. It can easily hold 20-30 lbs. of smaller items — be it tents, tow ropes or potato chips. The top folds over and secures with Fastex Buckles to keep contents dry.

» **Dimensions: 24" x 14" x 6" | \$49.99**

### ► **The Traction Jack Bag**

The Traction Jack Bag is made of heavy-duty vinyl-coated polyester truck tarp. Each Traction Jack bag will hold two Traction Jack boards. We've incorporated a double layer of thick, mil-spec webbing on each bag to create a MOLLE attachment system. The Traction Jack Bag can be used with either our tire mount kit or roof mount kit to free up vital storage space inside your vehicle.

The greatest feature about the Traction Jack Bag is that it gives you a great place to store boards that are dirty or wet from use. It is dirt, scratch, tear, and abrasion-resistant. The bag also features an easy-carry handle on one side. » **Dimensions: 26" x 12" x 6" | \$69.99**

► **The Chainsaw Bra**

The Chain Saw Bra is made to fit most standard Stihl chainsaw boxes. It's made of truck tarp which is stain, rip, dirt and scratch resistant. The Chain Saw Bra is a great way to strap your chainsaw to your roof and free-up more vital storage area inside your vehicle. Two straps of 1" mil-spec webbing are stitched to the body of the bag. Both straps secure around box latches with an 800 lbs.-rated CAM buckle. » **\$29.99**

FREE UP VALUABLE VEHICLE SPACE

# Rooftop Storage Solutions

► **The Action Packer Cover**

Our Action Packer Cover is designed to fit the 8 gallon action packer. And it's made of vinyl-coated polyester — the stuff of truck tarps. It secures to your roof or cargo racks with sewn-in and secure mil-spec webbing. The Action Packer Cover features 800 lbs.-rated CAM buckles. But the best part of the action pack cover is that it's waterproof! While we love the action pack, they aren't known for keeping stuff dry. This cover is made to come down over the seam of the box to keep contents dry while you drive in inclement weather. » **\$32.99**

### ◀ **The Skottle Bag**

Our skottle bag is the perfect way to transport your most valued trail cooking gear. The bag comes in two parts; one bag for the detaching skottle legs and one for the main cooking implement. The main bag will hold one skottle, a burner, and several 1-lb. propane tanks. Made of vinyl-coated polyester. » **\$59.99**

*BBQ Chicken & Asparagus*

THE FINEST TRAIL COOKING

## The Tembo Tusk Skottle & BROG Bag

**P**ronounced 'skō-til' or 'skaw-Til', the skottle is a South African outdoor cooking utensil. Anything you can cook on a grill or skillet can be prepared in a skottle. Just like your favorite Dutch oven or cast iron pan, the more frequently you use your skottle, the better the non-stick cooking surface becomes. The TemboTusk Skottle comes with a three-leg stand, which supports the burner frame and disc. The legs are removable and can be stored separately.

### ▼ **Make it a Kit!**

The Tembo Tusk Cooking Skottle, the Blue Ridge Overland Gear Skottle Bag, a 10,000 BTU Burner for Skottle, the Skottle Lid, and the Tembo Tusk Century Wind Shield. **Visit: [BlueRidgeOverlandGear.com](http://BlueRidgeOverlandGear.com) for more details.**  
**Keyword: Skottle Kit.**

» **Dimensions: disc diameter: 18" | Height with legs: 28" tall with the legs attached. | The Skottle - \$185.00 | The Complete Skottle Kit - \$296.99**

**For skottle cooking recipe ideas, visit: [BlueridgeBuilt.com](http://BlueridgeBuilt.com)**

CAMP COOKING SIMPLIFIED

# Take meal prep a step higher

Being on the road can present a real challenge to organized meal preparation. By the time you are done with cooking a meal on the trail, your campsite often looks like the aftermath of some bizarre environmental disaster involving balled-up aluminum foil, old baloney, and red solo cups. While we can't help you with camp clean up, we can certainly keep your cooking essentials organized! Blue Ridge Overland Gear offers simple solutions for storing your camp kitchen cooking utensils and transporting your stove of choice!

## ► **The Cook Kit Bag**

The Cooking Tool Bag is designed to organize cooking spices and utensils. No more digging through your entire campsite to find your favorite spatula or spice. Our bag features MOLLE compatible webbing on the front to accommodate additional pouches. It has a large Velcro panel on the front for hook and loop pouches. The interior has tool dividers and two removable 4" x 8" x 1" clear-front pouches. On the back of the bag, there are two webbing snap-straps for attaching the bag to a fridge handle or cooler.

» **Dimensions: 9" x 12" x 2" | \$69.99**

» *Savory Kielbasa, onions, peppers, and potatoes is a BROG skottle cooking favorite. See p.20 for skottle grill details. For this recipe and other employee-tested meals, visit our blog at: [BlueRidgeBuilt.com](http://BlueRidgeBuilt.com)*

## PROTECT YOUR CAMP STOVE

### ▲ The Camp Chef Everest Stove Bag

Our Camp Chef Everest Stove Bag is the perfect way to store and transport your favorite Camp Chef Everest stove. The bag is made of rugged 500D Nylon Cordura and features all mil-spec zipper and hardware. A 3/16" layer of foam padding keeps your bag protected during transport. Mil-spec webbing carry handles are sewn to the bag for maximum durability. » **Dimensions | 22.5" x 12.5" x 4.5" | \$59.99**

### ▲ The Partner Steel Stove Bag

Our Partner Steel Stove bag is the perfect way to store and transport your favorite 2-burner Partner Steel stove. The bag is made of rugged 500D Nylon Cordura and features all mil-spec zipper and hardware. A 3/16" layer of foam padding keeps your bag protected during transport. Mil-spec webbing carry handles are sewn to the bag for maximum durability. The bag is available in two sizes; one of the 18" Partner Steel stove bag and one for the 22" partner steel stove bag.

» **Dimensions | 18" bag -13.5" x 3" x 18.5" | \$69.99** » **Dimensions | 22" bag - 14" x 3.5" x 22.5" | \$75.99**

## CAMP COOKING PRO TIPS

» Chop all ingredients such as potatoes, vegetables, and meats before your trip to save yourself extra prep time and hassle. Store them in freezer bags. Also, freeze these items ahead of time and put them in your cooler. They will last longer and keep other items in your cooler colder for longer.

» If you will be packing meals such as chili or soups, prepare them before your trip. Store in gallon bags, freeze, and store in your cooler. When it's time to eat, all you'll have to do is heat them up!

» Always bring extra rolls of heavy-duty aluminum foil. The uses around your camp are endless!

» *Hibachi style steak-fried rice. See p.20 for skottle grill details. For this recipe and other employee-tested meals, visit our blog at: [BlueRidgeBuilt.com](http://BlueRidgeBuilt.com)*

SAFETY FIRST

## The Individual First Aid Kit Collection

Even the best excursion can go from good to treacherous in an emergency situation. Having an adequately stocked individual first aid kit could mean the difference between life and death. Our IFAK collection is designed to keep your first aid supplies close and portable.

### ► The Large First Aid Bag

The large size of this kit bag accommodates a lot of first aid supplies. Four strips of 1" webbing across the front allow for attaching additional MOLLE pouches. A hook Velcro platform on the front also allows for attaching hook and loop pouches or ID tags. The clamshell design allows the bag to lay flat when open for easy access to medical supplies. This bag features four 12"x 6"x 2" removable hook and loop pouches to store and organize first aid supplies. Each pouch has a string-reinforced, clear vinyl front to quickly and easily identify contents. » **Dimensions 12" x 12" x 5 | \$109.99**

### ▲ The Hook & Loop IFAK Pouch & MOLLE Pouch Adaptor

The IFAK Pouch is a handy place to store your basic first aid supplies. With our pouch, you can easily transfer your first aid supplies from a seat back panel to a backpack in seconds. Our IFAK kit is hook and loop compatible. This pouch is built like an accordion file for optimum organization and access. The clear string-reinforced vinyl front allows you to easily identify contents.

» **Hook & Loop Pouch | Dimensions 8" x 6" x 3 | \$39.99** » **MOLLE Adaptor | Dimensions | \$16.99**

GO OUTSIDE AND PLAY

## The Kid's Adventure Hiking Belt

**R**esponsibility is a great thing to teach kids early. Especially when teaching them that responsibility relieves you of having to carry every rock, pine cone, bug, or stick they find on the trail! The waist belt is a small, lightweight pouch that is easy for your little people to carry. It's made of kid-proof, 500D nylon cordura. We've equipped it with large rubber zipper pulls that are easy for small fingers to grasp. The waist belt is made of 2" mil spec webbing. With a few quick adjustments to the belt, it can be worn as a sling bag. The interior is lined with a high-visibility orange liner. The nylon exterior easily wipes clean of dirt or that mysterious sticky substance little fingers always seem to find. A spacer mesh pad on the back of the pouch provides maximum comfort. A 4" loop Velcro platform is a great place to display morale patches. **Dimensions 6"H x 10"L x 2"W | \$37.99**

## SPREAD THE WORD

# Wear the Love!

### ► Exclusive BROG T-shirts

Tell the world about your love for overlanding and Blue Ridge Overland Gear with these exclusive t-shirts. High quality and printed in Virginia, wear one on your next adventure and send us a picture! Squirrels not included. *(No animals were harmed in the photographing of these t-shirts).*

What is overlanding? The next time someone asks, just show them your BROG 'overlanding defined' t-shirt! Small BROG logo on back. Available in sizes S, M, L, XL, & 2-XL (+1.50). » **\$18.99**

This one is a classic with the **BROG logo** covered in a topographic map. Full design on back reads: "Give Sasquatch a Run for His Money" Available in sizes S, M, L, XL, & 2-XL (+1.50). » **\$18.99**

This t-shirt features an overlanding scene on the front with "**The journey is more important than the destination.**" Small BROG logo on back. Available in sizes S, M, L, XL, & 2-XL (+1.50). » **\$18.99**

### ► The BROG Morale Patch

Now you can display the morale patch for your favorite gear! Our patch shows Blue Ridge Overland Gear's logo in vivid colors. Reads "Blue Ridge Overland Gear ☆ Organize ☆ Outside". Features a hook Velcro back that will stick to any loop Velcro platform. Approximately 3.5" in diameter. » **\$4.99**

## Some Amazing Squirrel Facts

### Brought to you by Sasquatch, the crazy, trail-loving, overlanding squirrel!

- » There are more than 265 species of squirrel in the world.
- » Squirrels don't just run erratically — they create a strategic pattern to throw off potential predators.
- » The squirrel is the Native American symbol for preparation, trust, and thriftiness.
- » Squirrels LOVE to nest in BROG Gear.

"Here's stuff you should know about squirrels!"  
— Sasquatch

ABOUT BLUE RIDGE OVERLAND GEAR

# Behind the Scenes

Like many great names in business, Blue Ridge Overland Gear was born in a shed. We call it the "thread shed." Armed with nothing but some material, a sewing machine, and the ambition of making something useful — the first products were made and tested. Some products passed the test. Others did not. Lessons are still being learned and our progress continues. Many iterations and ideas later, we are still bringing new and improved gear to life.

We're a small, yet highly efficient team at Blue Ridge Overland Gear. Our lack of typical bureaucracy allows us to rapidly work through the product design process. It also gives us the ability to respond one-on-one to customer needs.

With Blue Ridge Overland Gear, you can be sure that clever and durable design elements are hand-crafted and sewn into every product. We first make these products for ourselves, then our customers — ensuring the highest quality possible. At Blue Ridge Overland Gear, we use and enjoy our products every day. And we hope you use them and enjoy them every day too!
